

# Sponsorship Opportunities 16th EPIZONE Annual Meeting

- Viruses, vectors and wildlife

**25-27 September 2024**  
**Uppsala, Sweden**

Hosted by the Swedish Veterinary Agency (SVA)

# It is our great pleasure to invite you to the **16th EPIZONE Annual Meeting.**

The meeting will be held 25-27 September 2024, in Uppsala, Sweden, hosted by the Swedish Veterinary Agency (SVA).

The theme of the 16th Annual Meeting will be 'Viruses, vectors and wildlife', referring to some properties of discerned recent epidemics and emerging diseases.

The focus will be on current research efforts in the field of epizootic animal diseases, including the usual EPIZONE themes, with extra attention to the role of vectors and wildlife. African swine fever, Avian influenza and vector-borne diseases will be specifically addressed.

A stimulating scientific program will be provided by invited distinguished speakers and selected oral and poster presentations.

The Young EPIZONE group will organize an interesting program for young scientists. This year, there will be an additional exchange from former Young EPIZONE members who will share their experiences on networking and career paths.

The venue will be 'Norrlands nation' in Uppsala, owned by a student association since 1887. The city of Uppsala is closely associated with education, with influence of Uppsala University since its foundation in 1477. Therefore, it is a fitting location to exchange scientific expertise, to create and revive connections.

We are looking forward to hosting you and would like to welcome you to Uppsala in September 2024!
