1. ABOUT EPIZONE

The **14th EPIZONE Annual Meeting** will be held from **28-30th September of 2020**, hosted by IRTA-CReSA, the Spanish organization for Animal Health Research in Barcelona.

EPIZONE is the international network of veterinary research institutes working on epizootic animal diseases including zoonoses. It plays a key role in research on **prevention, detection and control** in order to reduce the risks and harm to animal health and the risks to public health.

EPIZONE focuses on infectious animal diseases of poultry, swine, fish, sheep, cattle, horses and wildlife, also on infectious agents of the animals which may have zoonotic potential.

The goal is to improve, standardize, and develop new diagnostic methods, vaccines, intervention strategies, surveillance, epidemiology studies and risk analyses.

The EPIZONE 2020 edition will attract **more than 200 researchers, students and scientists** from all over the world and give them the opportunity to present and publish their work and networking for future collaborations.

Also, the **Young EPIZONE** core group will organize an interesting and inspiring program for **young scientists** in the field of epizootic diseases.

“We are globally facing new challenges related to infectious diseases, like climate change and globalization. Let’s move towards new horizons as a crew”

The Scientific- and Organising Committee

2. EPIZONE IN BARCELONA

The conference venue of the 14th edition of the EPIZONE Annual Meeting will be the **World Trade Center Barcelona building**, located in one of the most attractive area in front of the seaside.

We are sure that Barcelona, the lively city on the East coast of Spain, with its beautiful Gaudi architectures, will be the perfect place to create a stimulating atmosphere of exciting talks, inspiring discussions, and scientific curiosity.

We are looking forward to your participation and welcoming you to Barcelona in September 2020!

World Trade Center Barcelona

1ª planta Edif. Este, Moll de Barcelona, s/n

08039 Barcelona
