\*Special **workshop** on **Working in a project environment: the art of success**.. This interactive workshop will give a clear insight in the structure and processes of working in projects with ample opportunity to discuss and exchange ideas and experiences. The workshop will be given by a **professional trainer**.

\*\*The YE day will be concluded with 5 testimonies from experienced **senior scientist**. They will **share** some of their **experiences** on project & conflict management with you in a less formal setting. The senior scientist will be introduced in our next newsletter.  
Welcome drinks
