

EPIZONE

9th Annual Meeting EPIZONE

2-3 September 2015

Montpellier, France

Hosted by CIRAD

Combined with the Xth International conference ESVV 2015
'Changing viruses in a Changing world',
31 August-3 September 2015

We are very pleased to invite you to participate in the **9th Annual Meeting** of EPIZONE 2-3 September 2015 at the Congress Centre 'Le Corum' in Montpellier, located on the border between the old and new city. This meeting is for scientists and stakeholders interested in the activities of EPIZONE.

This year's Annual Meeting will be combined with the Xth International Conference of ESVV 2015, 'Changing viruses in a Changing world', 31 August-3 September 2015.

The meetings' emphasis will be on multidisciplinary approaches for animal disease prevention and control and the recent research advances. This year also, we will provide extensive opportunities for networking, scientific exchange and fostering collaborations, particularly with developing countries where the diseases are widespread.

The EPIZONE scientific topics covered at this edition, will again include diagnostics, vaccines and antivirals, epidemiology, risk assessment and modelling, emerging diseases, domestic animals and wildlife virus interaction. Top level speakers are invited to participate and debate on the mains topics.

The Young EPIZONE program will be held at the 2nd of September.

The organizing and scientific committee look forward to welcoming you to Montpellier, France.
